**Scouting
America**[™]

**Youth Protection Buddy System Update – Effective
September 1, 2024**

Please share to all your Packs, Troops, units, and fellow volunteers.

Accommodation

The older youth Scouting America programs (Scouts BSA, Venturing, Sea Scouting, and Exploring) encourage leadership development, growth, and independence by recommending that youth share accommodations with other youth (must be the same gender per Barriers to Abuse). However, we also recognize that exceptional circumstances may warrant a parent or legal guardian sharing accommodation with their same-gender child if the parent/legal guardian meets all leader registration requirements.

Youth siblings of the same gender may share sleeping accommodations regardless of age with permission from their parents or legal guardians. Campsites **must** be arranged to separate genders adequately. This separation could be achieved through natural barriers, physical distance, or by the campsite being divided, so long as the separation achieves privacy for both adults and youth, **as well as by gender**. Adult leaders are responsible for establishing the barriers and reminding Scouts that members of one gender must not enter the tent/housing of another.

The Buddy System

The buddy system is designed to provide an additional layer of safeguarding by ensuring no youth member/participant is alone and that a buddy can get help in an emergency. The buddy system is used whenever members/participants are outside the line of sight of qualified adult leadership and specific activities where the buddy system is required for participation. Of note:

- The adult unit leadership oversees and approves buddies.
- Buddies are two and can also be three to prevent members or participants from being alone.
- If the original pair for a buddy group is mixed gender, a third youth/participant must be added (for a buddy group of 3).
- Youth siblings of the same gender may serve as buddies regardless of age with permission from their parents or legal guardians.
- Except for siblings, the age gap between buddies must be at most three years for all non-sleeping activities and no more than two years for all sleeping accommodations.
- When exceptional circumstances warrant, a parent or legal guardian may serve as a buddy of their own child for both Scouting activities and sleeping arrangements, but youth buddies meeting the above criteria, if available, are always preferred.

Participation by Parents and Legal Guardians

Parents and legal guardians are encouraged to participate in Scouting activities with their children. However, to meet youth protection policies, some participation—including all overnight activities—requires the parent or legal guardian to be a registered adult in their child's unit.

*See and note the Cub Scout Exception

Cub Scout Programs – Overnight Exception: Cub Scout parents or legal

guardians taking part in an overnight Cub Scout program with their own child or legal ward are not required to register as leaders. All adults must review the "[How to Protect your Children from Child Abuse: A Parent's Guide](#)" that can be found in the front of each Cub Scout Handbook. In addition, the parent or legal guardian must be accompanied by a registered leader at any time they are with youth members other than their own child/ward. All other overnight adults must be currently registered in an adult fee required position.

Congratulations to our Newest Muir Eagle Scout!

- Justus Samuel Ernst; T484B, 10/28/2024
 - Project Title: Beautify Concord High
 - Project Summary: Scout transformed 2 grass/weed planting areas at Concord High School into garden landscapes to feature native, drought tolerant, pollinator friendly, and low/no maintenance plants using “sheet mulching”, installing drip irrigation, planting 2 fruitless olive trees. Scout

wished to beautify the campus, increase school pride, and teach students about sustainable and environmentally friendly gardening, including the science of decomposition (sheet mulching). Scout used donated natural mulch and compost from Mt. Diablo Resource Recovery. Scout had to overcome various challenges including school district approval (7 months), wrong deliveries, supply shortages, leaking sprinklers, and surprise sprinkler heads. When an extra work day needed to be added, scout asked his teammates from the Cross Country team to assist spreading the mulch.
